CURRENT OPPORTUNITY

Title: **GIS Technical Account Specialist**

Employment Type: **Full-time**

Join a fun and dynamic team on the leading edge of software design and support

We are a top-tier GovTech software and service company focused on helping Municipal Governments simplify Municipal information to generate greater citizen engagement. Our brands include MuniSight, CAMA!ot, Townfolio, All-Net, and Muniware. We are a rapidly growing team that is well positioned to increase our breadth and depth within the niche rural and small urban market. We are looking for high calibre team members who can help take us to the next level.

About you as the GIS Technical Account Specialist

- You use your years of experience with GIS software to create, maintain, and analyse spatial data (QGIS GeoMedia/ESRI)
- You are passionate about custom cartographic products, such as ownership map, map books, land use maps etc.
- You bring a comprehensive knowledge of database concepts (Geo-Databases, PostgreSQL and other), desktop/client-server/mobile/web-based solution components, system interfaces, data transfer and conversion strategies, and data processing solutions.
- You regularly impress others with your experience using extract, transform, and load (ETL) practices in FME
- You excel at completing tasks and conducting QA/QC of data for implementation into MuniSight systems.
- You enjoy and are very capable of training and providing GIS support to our valued customers.
- You have a strong sense of urgency and pride yourself on delivering client's projects on time and with high quality
- You have a keen ability to troubleshoot problems and provide solutions.
- You regularly demonstrate your strong communication and presentation skills, and familiarity with project management

What you bring to the team

- A College or University degree/diploma in GIS related discipline is preferred
- Knowledge and experience of GIS mapping and FME is an asset
- A keen interest and experience in Municipal government, primarily in smaller, rural settings
- A track record of successful collaboration in a team environment and the ability to take and give feedback.
- Strong ability to empathize and listen to clients will be your superpower in this role
- Attention to detail with strong writing and communication skills
- Ability to effectively prioritize ongoing projects and tasks
- Project management experience is a plus
- Strong ability and willingness to learn.

About MuniSight and what we offer

At our office in Old Strathcona (Edmonton, Alberta), we have a fun and inviting work environment with all the modern fixings; stand up desks, meditating/quiet room, foosball, table tennis, and board games. We celebrate an active social committee, have fitness challenges, love our office dogs, lounge areas, and more!

We also offer competitive compensation, a hybrid work policy, full paid vacation, and comprehensive health & dental benefits. We focus a lot of energy on professional development as we want our employees to ride the wave and grow with our business.
